- a. The period of training for M.D./M.S. shall be three years.
- b. The period of training for diploma courses shall be two-years.
- c. In the case of students having a recognized two year postgraduate diploma course in the same subject, the period of training for MD/MS shall be two years.

Attendance

- a) Head of the Department shall maintain attendance record of PG students working in his department. He/She will finalize the attendance within three calendar days after the last instructional day of the course in the semester. Attendance for theory and clinics/practical will be maintained separately.
- b) A student whose attendance is less than 80% of the classes conducted in the course is not eligible to appear for the End – Semester Examination for that course.
- c) The details of all students who have less than 80% attendance in a course will be notified by the HOD with intimation to the Principal before the commencement of the end semester examination by respective department.

Leave:

PG Students are entitled to fifteen days casual leave and fifteen days academic leave in an academic year.

Training Program:

- 1. All candidates joining the postgraduate training program shall work as full time residents during the period of training and will be given full time responsibility, assignments and participation in all facets of the educational process.
- 2. Curriculum Committee under the Chairmanship of a senior faculty member shall work out the details of the training program in each specialty in consultation with other departmental faculty and also co-ordinate and monitor the implementation of these training programs.
 - a) The training programs will be updated as and when required. The written structured training Program shall be strictly followed to enable the examiners to determine the training undergone by the candidates and the Medical Council of India assessors to assess the same at the time of departmental assessment.

- b) Lectures, seminars, journal club, group discussion, participation in laboratory & experimental work, research studies in the concerned specialty and clinical work shall form the core of PG training program.
3. Post-Graduate students shall maintain a record (log) book of the work carried out by them and the training program undergone during the period of training including details of procedures/surgical operations/practical work/case presentation/journal review etc.
 - a) The record books shall be checked, assessed, certified and signed by the Faculty members imparting the training.
4. All PG students shall attend training in research methodology and basic medical sciences related to the disciplines concerned.
5. The Post-Graduate students shall be required to participate in the teaching and training programs of the undergraduate students and interns.
6. All Post-graduate students will work in casualty department to get training in emergency medical care and emergency procedures in the allied subjects. The period of such training will be minimum one month and the record of events during this period will be maintained in the Log book/work book.
7. Every candidate shall carry out work on an assigned research project under the guidance of a recognized post graduate teacher, the result of which shall be submitted in the form of dissertation / thesis.
8. All PG students not on essential duties will attend every CME/Update/Conference organized by any department under the banner of Narayana Medical College & General Hospital.
9. Guide of the PG student shall render End-Semester progress report on the student in the proforma annexed to these rules. Initiation of the report is the responsibility of the candidate.
10. An End-Semester examination both in theory & practical/clinics will be held at the end of each semester. Performance at this examination will be taken into account for promoting to the next semester.
11. If the progress of a candidate's work including the thesis work is not satisfactory, the Head of the Institution on recommendation of College Council may not grant that particular term and the period of training will be extended.

Extramural Training:

The management of Narayana Medical College on recommendation of curriculum committee may depute PG students for extramural training for a period not exceeding six weeks in any one or more of institution/s of repute with which Narayana Medical College has an academic understanding.

Thesis/Dissertation:

1. The thesis / dissertation is compulsory for all Postgraduate degree students. It should include candidates own work under a supervisor qualified for the purpose and recognized as a Post-Graduate teacher by the University.
2. The subject of the dissertation / thesis along with a synopsis (not more than 300 words) countersigned by the guide, Head of the Department and the Head of the Institution should be submitted to the University within four months of registration along with the eligibility form. If student fails to submit the synopsis within specified time his/her admission may be cancelled.
3. The candidate must ensure that work in similar subject and plan has not been submitted by any other student before.
4. All dissertation / thesis topics will require clearance of institutional ethical and research committee before submission to university.
5. The student shall publish at least one research paper based on his work in reputed National/International Journal before he/she submits his/her dissertation for award of MD/MS Degree. He/she should present at least one poster/oral paper in state/national level conferences to be eligible to appear in the university examination.
6. Dissertation / thesis shall be submitted to the university at least six months before the commencement of final University examination.

Residency:

All PG students will be residents. Staying on the Narayana Medical College campus is mandatory. All Resident doctors should be available on call at short notice.

Discipline:

Discipline, Code of conduct, anti-ragging regulations and MCI Code of medical ethics regulations will be supplied at the time of admission to the college.

Narayana Code of conduct, anti-ragging regulations, MCI Code of medical ethics 2002 and any such regulations applicable to undergraduate medical students will also be applicable to PG students.
