Dear Colleagues,

It is with immense pleasure that we invite you for the “International workshop on Peripheral Nerve Ultrasound” scheduled on 16th November, 2012 at Narayana Medical College, Nellore, Andhra Pradesh, India.

Peripheral Nerve Ultrasonography is a point of care ultrasound that can be performed by clinicians during evaluation of peripheral nerve disorders. In addition to clinical and electrophysiological studies, nerve ultrasound provides information on location of nerve enlargement, morphology, vascularity and etiology of nerve compression especially in entrapment neuropathies.

Renowned international experts Dr. Leo H Visser and Dr. Einar Wilder-Smith would be the resource persons for the workshop.

This workshop is open for Neurologists, Neuro Surgeons, Radiologists, Anesthesiologists and Clinicians dealing with peripheral nerves.

Looking forward for your participation.
