| 9. Whether composition of IQAC as per latest NAAC guidelines:  | Yes              |
|--|------------------|
| Upload latest notification of formation of IQAC  | <u>View File</u> |
| 10. Number of IQAC meetings held during the year :   | 6                |
| The minutes of IQAC meeting and compliances to the decisions have been uploaded on the institutional website | Yes              |
| Upload the minutes of meeting and action taken report  | <u>View File</u> |
| 11. Whether IQAC received funding from any of the funding agency to support its activities during the year?  | No               |

#### 12. Significant contributions made by IQAC during the current year(maximum five bullets)

Prepared and submitted AQAR for the year 2019 and 2020

Coordinating preparation of SSR for second cycle and preparation and submission of NIRF data for the year 2021.

Coordinating with Medical Education Department in Conduction of Teacher training and Curriculum implementation programs.

Coordinating Research activities.

Coordinating staff and student welfare measures.

# 13. Plan of action chalked out by the IQAC in the beginning of the academic year towards Quality Enhancement and outcome achieved by the end of the academic year

| Plan of Action   | Achivements/Outcomes  |  |  |
|--|---|--|--|
| Coordination with academic council for preparation of annual academic calendar and activities of the college.  | Annual calendar prepared and circulated to all HODs and also kept in college website.   |  |  |
| Coordinating with Research committee for preparation of annual research activities and plan of action.   | IQAC along with NTRC ( Narayana<br>Transitional Research Centre) is<br>actually involved in advancement of<br>Research by Faculty and Students.                           |  |  |
| Coordinating with Medical Education Department in conducting of teacher training and curriculum implementation programs  | Workshops in Medical Education and<br>Curriculum Implementation Programs are<br>being conducted in coordination with<br>Medical Education department.                     |  |  |
| Coordinating preparation of SSR for second cycle   | Narayana Medical College got accredited with NAAC in the year 2016. The second NAAC cycle is due in 2021 . The SSR for the second cycle is in the process of preparation. |  |  |
| Preparation and submission of AQAR and NIRF.   | AQAR for the year 2019 and 2020 is prepared and about to be submitted.  |  |  |
| Coordinating staff students welfare measures   | The IQAC encourages and promotes staff welfare programs for both Teaching and Nonteaching with the cooperation of HR department.  |  |  |
| Coordinating with NSS Program officer and Physical Director for conducting extension and outreach activities and sports and cultural programs for the academic year. | Calender for NSS program events and sports and cultural activities for the academic year are prepared.  |  |  |
| No Files Uploaded !!!  |   |  |  |

# Name of Statutory Body Governing Council Meeting Date 18-Jan-2021

Yes

14. Whether AQAR was placed before statutory

# 15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning? 16. Whether institutional data submitted to AISHE:

| Year of Submission   | 2020   |
|--|--|
| Date of Submission   | 01-Feb-2020  |
| 17. Does the Institution have Management Information System ?                                    | Yes  |
| If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words) | Management Information System (MIS) gathers data from multiple online systems, analyzes the information, and reports data to aid in management decision making. MIS is increasingly being used for information storage, handling, processing and retrieval of data for improving the services provided by organization. It allows quick decision making for overall functional improvement. Creates a Common and Continuous Communication and Data Sharing Platform among Stakeholders. Due to the online attendance system parents receive communication immediately when the ward is not attending a class/ lecture. The administrators and teachers in a transparent way can visualize the attendance and are able to identify the absentees immediately for necessary action. Minimizes the Administrative and Communication Costs: There is significant reduction in the communication as well. The information and requirements are ordered online and the sanctions and delivery of equipment, drugs and other consumable and non consumable items are available online. This has facilitated the communication channels and eliminated the delays. Utilization of Resources and Time to the Optimum: Through the existing Systematic approach of MIS the college is able to demonstrate optimum use of time, resources and significant reduction in costs incurred. Narayana medical College is a highly Complex organization with multi specialty and super specialty hospitals on one side and the medical students, faculty on the other. The attendance workflows and monitoring of staff is an immense task requiring greater surveillance and management. Retrieval of real time student attendance data for desired/mandatory purposes is very difficult. Hence, NMC has developed an |

in house MIS software module for automation of attendance management. It consists of integration of Departments on a common platform with individual dashboards and login credentials for Administrator, Student, Faculty and Parent. This facility could provide an efficient administrative control and management course wise, Department wise, Class wise. Timetables, faculty allocation and foolproof online student attendance recording reporting. There is also a provision for multiple autogenerated attendance reports -Periodic, Phasewise/ Classwise and overall Reports - Attendance and Absence reports in detailed and matrix format. There is an inbuilt individual and cumulative attendance calculation formula for real time reporting. This has completely eliminated paperwork and manual effort. After this MIS online attendance management system was installed, Narayana Medical College hospital was able to handle the attendance management process of its staff and students in an efficacious way. Furthermore, a humongous amount of money spent annually on stationary and printing was cut down significantly. Finally, the MIS is able to achieve enhanced Decision making with powerful analytics.

#### Part B

#### **CRITERION I – CURRICULAR ASPECTS**

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Even though the institute follows the curriculum of Dr.NTRUHS as per the guidelines of NMC, the institute has a well planned curricular program to implement the same. The academic calendar for both UG & PG is prepared by Vice Principal in consultation with Heads of Department under guidance of Dean, the same is placed before the academic committee for approval at the beginning of the academic year, it summarize the important dates like start and end of the academic year, time table for theory classes, Clinical postings, Weekly and Internal examination schedule List of Public Holidays and Vacations etc. Departmental meetings are held in every department in which the topics in the

Departmental meetings are held in every department in which the topics in the syllabus are distributed to the teachers and a micro schedule with number of classes of that year is prepared. Thus the faculties are well informed about their teaching schedule well in advance. Students are also aware of teaching schedule, examinations both weekly and Internal, well in advance and hence can make better preparation. Students are benefited with abundant reading material in central library with open access system and all the departments have own Departmental libraries too. Students have the access of e-learning through

online Web in Central Library and Dr NTR University of Health Sciences Intranet facility along with e-books and e-journals. A special focus is kept on slow learners to make sure they are on par with other students. Keeping in view of National level post graduate entrance examination NEET as well as other competitive examinations like USMLE etc. The weekly examinations and Internals are also focused on objective questions, case scenarios OSPE, OSCE etc. Keeping in mind about the prescribed syllabus of NMC and university this Curriculum schedule is well planned to deliver value-added contents also along with the syllabus of the university where ever it is possible and necessary. The students are also encouraged in Self Directed Learning apart from Teacher centered teaching by means of seminars ,group discussions etc. The teachers are also updated in recent methods in Medical teaching through participation in Teacher Training Programs. Teachers are also encouraged in participating in conferences to make them aware of recent developments in their specialization. This curriculum planning is prepared in such a way that it is well within the syllabus and academic schedule of University ,looks like rigid but is enough flexible to accommodate any unexpected changes. The administration under supervision of Dean implements the curriculum through vice principal and Heads of Departments. In view of the newer competency based curriculum being implemented by NMC from the academic year 2019-20, Medical Education Unit of Narayana Medical College, Nellore, conducted Faculty Development Workshops on CISP. (Curriculum Implementation Support Program). The faculty orientation program for the first pre and para clinical was organized on 13.05.2019 and the second CISP-II Program on 22nd & 23rd September 2020.

#### 1.1.2 – Certificate/ Diploma Courses introduced during the academic year

| Certificate | Diploma Courses | Dates of<br>Introduction | Duration | Focus on employ ability/entreprene urship | Skill<br>Development |
|-------------|-----------------|--------------------------|----------|---|----------------------|
| NIL         | NIL             | Nil                      | 0        | NIL                                       | NIL                  |

#### 1.2 - Academic Flexibility

1.2.1 - New programmes/courses introduced during the academic year

| Programme/Course                   | Programme Specialization | Dates of Introduction |
|------------------------------------|--------------------------|-----------------------|
| No Data Entered/Not Applicable !!! |                          |                       |
| <u>View File</u>                   |                          |                       |

1.2.2 – Programmes in which Choice Based Credit System (CBCS)/Elective course system implemented at the affiliated Colleges (if applicable) during the academic year.

| Name of programmes adopting CBCS   | Programme Specialization | Date of implementation of CBCS/Elective Course System |
|------------------------------------|--------------------------|---|
| No Data Entered/Not Applicable !!! |                          |   |

#### 1.2.3 - Students enrolled in Certificate/ Diploma Courses introduced during the year

|                    | Certificate | Diploma Course |  |
|--------------------|-------------|----------------|--|
| Number of Students | Nil         | Nil            |  |

#### 1.3 - Curriculum Enrichment

#### 1.3.1 - Value-added courses imparting transferable and life skills offered during the year

| Value Added Courses             | Date of Introduction | Number of Students Enrolled |
|---------------------------------|----------------------|-----------------------------|
| Epidemiology for the Clinicians | 14/12/2020           | 130                         |
| Research Methods for            | 22/07/2020           | 130                         |

| Dissertation Publication                          |            |     |  |  |
|---|------------|-----|--|--|
| Workshop on<br>Communication skill<br>development | 07/07/2020 | 290 |  |  |
| No file uploaded.                                 |            |     |  |  |

#### 1.3.2 - Field Projects / Internships under taken during the year

| Project/Programme Title | Programme Specialization  | No. of students enrolled for Field<br>Projects / Internships |  |  |  |
|-------------------------|---|--|--|--|--|
| MBBS                    | swasthya vidhya vahini<br>(SVVP)  | 250  |  |  |  |
| MD                      | swasthya vidhya vahini<br>(SVVP)  | 4  |  |  |  |
| MD                      | Health Problems of The Elderly Population In Field Practice Area Of Rural Health Training Centre, Venkatachalam, Nellore  | 1  |  |  |  |
| MD                      | Prevalence of depression among adolescents attending high schools in Nellore city, Andhra Pradesh                         | 1  |  |  |  |
| MD                      | Assessing maternal health services among mothers of infants in the rural field practice area, Nellore, Andhra Pradesh     | 1  |  |  |  |
| MD                      | Adverse drug reactions and clinical outcome in patients receiving treatment for MDR TB (multidrug-resistant tuberculosis) | 1  |  |  |  |
| MBBS                    | Internship  | 250  |  |  |  |
| No file uploaded.       |   |  |  |  |  |

#### 1.4 - Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

| Students  | Yes |
|-----------|-----|
| Teachers  | Yes |
| Employers | Yes |
| Alumni    | Yes |
| Parents   | Yes |

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

| Feedback Obtained |  |
|-------------------|--|
|                   |  |

STUDENTS FEED BACK • Student's feedback forms are filled by both UG and PG Students periodically during their study period and at end of the study in the college. They will give feedback on curriculum and its implementation by teachers. The feedback process is secure and identity of the stake holder is not revealed. Feedback focuses on 1. Comparison between curriculum description and its actual delivery 2. Lecturing methodology 3. Lecturer attributes 4. Method of assessment 5. Resources of learning. The strong and weak points mentioned by the students are summarized. Feed back is also received on varied aspects of the college infrastructure and support services, governance and leadership. Negative and positive feedback will receive utmost importance. Negative feedback is analyzed to know the root cause of the problem. Sincere attempt are made to address the core issues and resolve it at the earliest by administration. Feedback obtained from the students regarding the faculty teaching reveal that the majority of the faculties were graded as good, and few as moderate. The faculty who scored moderate was encouraged to participate more in teacher training programs and conferences related to medical education to improve their teaching abilities. Subsequent feed backs on that faculty are carefully monitored to know about the status of improvement. The exit level feedback was conducted at the time of completion of course by under graduate and post graduate students. The feedback was collected regarding infrastructure, curriculum, teaching, and other facilities. As per Students feedback, steps were taken to improve the quality of food in hostel and canteen and security measures at women's hostel. • The alumni feedback was taken on all aspects, and suggestions are being implemented after discussion with the administration, • Feedback from the parents was analyzed, and most of the parents were happy with the facilities provided by the college in all aspects. • Feedback from the faculty is obtained regarding administration, students and curriculum • Feedback from non teaching staff obtained regarding administration and about working atmosphere • Patient feedback taken from patients and their attendants at the time of discharge. • The feedback from all stakeholders is obtained through structured feedback forms. • After the analysis of the feedback collected, the analysis is submitted to the management for its perusal and action taken reports are made on the suggestion of the management to address specific areas where intervention is deemed necessary. • The analysis thus obtained is used for quality control, curriculum improvement and training program.

#### **CRITERION II – TEACHING- LEARNING AND EVALUATION**

#### 2.1 - Student Enrolment and Profile

#### 2.1.1 - Demand Ratio during the year

| Name of the<br>Programme | Programme<br>Specialization                       | Number of seats available | Number of<br>Application received | Students Enrolled |  |  |
|--------------------------|---|---------------------------|-----------------------------------|-------------------|--|--|
| MBBS                     | Bachelor of<br>Medicine<br>bachelor of<br>Surgery | 250                       | Nill                              | 250               |  |  |

|---------------------------|

#### 2.3 - Teaching - Learning Process

2.3.1 – Percentage of teachers using ICT for effective teaching with Learning Management Systems (LMS), Elearning resources etc. (current year data)

| Te | Number of eachers on Roll | Number of<br>teachers using<br>ICT (LMS, e-<br>Resources) | ICT Tools and resources available | Number of ICT<br>enabled<br>Classrooms | Numberof smart classrooms | E-resources and techniques used |
|----|---------------------------|---|-----------------------------------|--|---------------------------|---------------------------------|
|    | 364                       | 364   | 12                                | 6                                      | 6                         | 4                               |

View File of ICT Tools and resources

View File of E-resources and techniques used

#### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The institute has an integrated mentoring system where the faculty acts as a link between the students and the institution and performs the following functions- • Mentors are assigned to monitor and guide students all through the course. • Mentors coordinate with the parents regarding the progress of the students. • Mentors also keep track of the mentee's performance during the internship. • Mentors communicate with fellow faculty regarding academic performance and also when the mentee has difficulty in communicating. • Mentors assist mentees further in their areas of interest. The Head of the Department of various Departments also act as a mentor and monitor different activities of the assigned mentors and the students. • The Head of the Department will meet all mentors of his/her department at least once a month for the reviewing of proper implementation of the system, suggest and advise mentors whenever necessary and give a detailed report about mentors in the department to the Head of the Institute from time to time. The Academic Committee of the Institute discusses the mentoring related issues at least twice in a year and revises or upgrade the system if necessary. Benefits of a Mentoring System: • Enhances the student's confidence. • Encourages them to set higher goals, allows them to take calculated risks, and ultimately guide them to achieve higher levels. • Individual recognition and encouragement. • Psychosocial support at the time of need. • Regularly advise them in balancing of academic and professional responsibilities. • Mentors act as role models and facilitate leadership by developing interpersonal skills and helping students thrive in competitive environments. • Students get access to a support system (Mentors) during the crucial stages of their academic, professional, and intellectual development. • Students get an insider's perspective on navigating his/her career in the right channel. • Students get an exposure to diverse academic and professional perspectives, and experiences in various fields. • The mentees get direct access to powerful resources within the profession. • The mentors lay the foundation for the students to reach greater heights in their professional lives.

| Number of students enrolled in the institution | Number of fulltime teachers | Mentor : Mentee Ratio |
|--|-----------------------------|-----------------------|
| 1250   | 364                         | 1:15                  |

#### 2.4 - Teacher Profile and Quality

#### 2.4.1 - Number of full time teachers appointed during the year

| No. of sanctioned positions | No. of filled positions | Vacant positions | Positions filled during the current year | No. of faculty with Ph.D |
|-----------------------------|-------------------------|------------------|--|--------------------------|

| <u>View File</u> |                |                                   |   |   |  |

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Centralized Continuous Internal Assessment System: The institution adopts Centralized Continuous Internal assessment System to assess all aspects of a student's development on a continuous basis throughout the year. The new curriculum being implemented for the 2019-2020 batches. Orientation on assessment Process: Students are made aware of the assessment process through the following initiatives: - 1. The orientation programs at the beginning of the year through facilitators. 2. Teaching Plan contains assessment procedures. 3. Academic Calendar with CIA Exam dates, assessment processes are displayed in the College and Department Notice Boards. 4. Result Analysis Review Meeting: Result Analysis is done by the faculty after every CIA Test. The pass percentage, percentage of first classes, percentage of distinctions is calculated for each course. The Dean monitors the performance of the students, and the necessary feedback is given to the concerned faculty members. The Dean conducts Review Meetings department wise to give necessary feedback for the improvement of student's performance. 5. Progress Reports and Parents Meetings: The institution is keen on monitoring the performance of the students and reports to the Parents. The institution sends progress Reports to the parents after each of the tests. Parents/ Guardians are advised to note the performance of their wards and take remedial measure if needed. Whenever necessary, the Dean shall recommend the visit of the parent to the college for a discussion about the student with the concerned head of the department and faculty. Remedial Classes are conducted for the slow learners, absentees and the students who participate in Sports, NSS activities. This practice helps struggling learners to update their subject knowledge and helps them to catch up with their peers. Internal examinations will be conducted at the end of every semester for all the subjects. Students should satisfy the eligibility criteria of 75 attendances in each semester to appear for University Examinations.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The institution adheres to the academic calendar for the conduct of examination and continuous internal evaluation. The academic calendar is prepared by the institute for undergraduate as well as for postgraduate courses before the commencement of every semester. It consists of instructional activity, Semester Examination (ISE) plan of departments, mid-review of attendance and defaulter

list, schedule of ISE examination and tentative schedule of End-semester examinations, review of performance of ISE, schedules of seminar, project work and PG dissertation work, end of instructional activity, declaration of ISE and test results. It is displayed on departmental notice boards. Subject loads are allocated to faculty members well before, so that they could make plans. Every faculty member prepares teaching plan for each theory and laboratory courses before the start of the semester. The academic calendar is the backbone of various teaching-learning plans prepared before the start of every semester. The teaching plan includes Lecture number, Unit number, the content of the syllabus to be covered, methods of delivery, tools, papers referred, textbook/reference book, website referred, etc. Every department in the institute keeps an eye on the quality of the teaching-learning by- daily monitoring of teaching-learning activities by the head of the department and respective class coordinator. Departmental meetings, student's feedback on teaching-learning activity forms the basis for different teaching strategies. The institute refers the academic calendar to adhere to the planned curriculum and other activities. Academic Calendar is available on the Institutional website.

#### 2.6 - Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

http://www.narayanamedicalcollege.com/wp-content/uploads/2021/02/Programoutcomes.pdf

#### 2.6.2 - Pass percentage of students

| Programme<br>Code | Programme<br>Name | Programme<br>Specialization | Number of<br>students<br>appeared in the<br>final year<br>examination | Number of<br>students passed<br>in final year<br>examination | Pass Percentage |
|-------------------|-------------------|-----------------------------|---|--|-----------------|
| Nill              | MBBS              | MBBS                        | 241   | 196  | 81              |
| View File         |                   |                             |   |  |                 |

#### 2.7 - Student Satisfaction Survey

2.7.1 – Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design the questionnaire) (results and details be provided as weblink)

http://www.narayanamedicalcollege.com/wp-content/uploads/2021/02/SSS.pdf

#### CRITERION III – RESEARCH, INNOVATIONS AND EXTENSION

#### 3.1 - Resource Mobilization for Research

3.1.1 – Research funds sanctioned and received from various agencies, industry and other organisations

| Nature of the Project | Duration | Name of the funding agency   | Total grant sanctioned | Amount received during the year |
|-----------------------|----------|--|------------------------|---------------------------------|
| Major<br>Projects     |          | Ministry of<br>AYUSH, Ministry<br>of Health and<br>Family Welfare,<br>Government of<br>India | 9.51                   | 8.56                            |
| View File             |          |  |                        |                                 |

#### 3.2 - Innovation Ecosystem

# 3.2.1 – Workshops/Seminars Conducted on Intellectual Property Rights (IPR) and Industry-Academia Innovative practices during the year

| Title of workshop/seminar                        | Name of the Dept. | Date       |
|--|-------------------|------------|
| Understanding<br>Intellectual Property<br>Rights | IQAC              | 29/06/2020 |
| Understanding<br>Intellectual Property<br>Rights | IQAC              | 18/12/2020 |

3.2.2 - Awards for Innovation won by Institution/Teachers/Research scholars/Students during the year

| Title of the innovation            | Name of Awardee | Awarding Agency | Date of award | Category |  |  |
|------------------------------------|-----------------|-----------------|---------------|----------|--|--|
| No Data Entered/Not Applicable !!! |                 |                 |               |          |  |  |
| <u>View File</u>                   |                 |                 |               |          |  |  |

3.2.3 - No. of Incubation centre created, start-ups incubated on campus during the year

| Incubation<br>Center               | Name | Sponsered By | Name of the<br>Start-up | Nature of Start-<br>up | Date of Commencement |  |
|------------------------------------|------|--------------|-------------------------|------------------------|----------------------|--|
| No Data Entered/Not Applicable !!! |      |              |                         |                        |                      |  |
| <u>View File</u>                   |      |              |                         |                        |                      |  |

#### 3.3 - Research Publications and Awards

3.3.1 - Incentive to the teachers who receive recognition/awards

| State | National | International |
|-------|----------|---------------|
| 2     | 1        | 3             |

3.3.2 – Ph. Ds awarded during the year (applicable for PG College, Research Center)

| Name of the Department | Number of PhD's Awarded |  |
|------------------------|-------------------------|--|
| Anatomy                | 1                       |  |

3.3.3 - Research Publications in the Journals notified on UGC website during the year

| Туре             | Department | Number of Publication | Average Impact Factor (if any) |  |  |
|------------------|------------|-----------------------|--------------------------------|--|--|
| International    | Physiology | 16                    | 2.55                           |  |  |
| <u>View File</u> |            |                       |                                |  |  |

3.3.4 – Books and Chapters in edited Volumes / Books published, and papers in National/International Conference Proceedings per Teacher during the year

| Department       | Number of Publication |  |
|------------------|-----------------------|--|
| Neurosurgery     | 4                     |  |
| <u>View File</u> |                       |  |

3.3.5 – Bibliometrics of the publications during the last Academic year based on average citation index in Scopus/Web of Science or PubMed/ Indian Citation Index

| Title of the<br>Paper | Name of<br>Author | Title of journal | Year of publication | Citation Index | Institutional affiliation as mentioned in the publication | Number of citations excluding self citation |
|-----------------------|-------------------|------------------|---------------------|----------------|---|---|
| An                    | Mohan             | Journal          | 2019                | Nill           | Narayana  | Nill  |

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Narayana Medical College Students representatives actively participate in various activities. They help in coordinating all the events related to academics and other co-curricular, Extra-curricular activities. They motivate other students to take part in the activities conducted by the Institute. They work as a medium between faculty and students. The Institution has various committees and students present in majority of them as per the norms. Students representatives are there in committees like Internal Quality Assurance Cell, SHE (Sexual Harassment and Elimination committee) etc. Student council conducts

various activities like Fresher's Day, College Day, Cultural Day, Sports Day, Graduation day etc. For smooth conduction of these activities Dean of the college constitute students committees in consultation with Vice Principals, Heads of the department and students. Committee constituted includes students and faculty to guide them. The Committee thus formed supervises cultural and sports activities of the students and organize College Day, cultural Day, sports day, Fresher day, Graduation day etc. Student's representatives are there in grievance redressal committees like SHE (Sexual Harassment and Elimination committee. so that the voice of the students can be better represented in case of any grievance. Student committee's opinion is also taken in preparation of the time tables and academic calendar etc. The student representatives are expected to perform following functions: 1. Organizing cultural activities and sports activities for students. 2. Communicating problems faced by students to Dean and management of college. 3. Maintaining discipline in college campus. 4. Maintaining college campus clean and green. 5. Participation in extension activities like NSS, Social Awareness Program, Swatch Bharat, Tree Plantation, Yoga Day, Blood Donation etc. 6. They give their suggestions for purchase of books, magazines for library. 7. The students committee also plays a vital role in celebrating events like Teachers Day, Women's Day etc. 8. Students Committee is active in making the campus ragging free.

#### 5.4 - Alumni Engagement

5.4.1 - Whether the institution has registered Alumni Association?

Yes

This Institution focuses upon the contribution of enthusiastic and willing Alumni. There is a registered alumni association with active participation from Alumni. The Alumni spread all are India and also in other counties are contributing and willing to contributing to the overall growth of the organization. Activates as old students meet, lectures from reputed former students to postgraduates and undergraduate is in progress.

5.4.2 – No. of enrolled Alumni:

1750

5.4.3 – Alumni contribution during the year (in Rupees):

300000

5.4.4 - Meetings/activities organized by Alumni Association:

In 2019 Alumni meeting was organized on 12-10-2019. In 2020 Alumni meeting was organized on 13-10-2020. The Alumni meeting scheduled on 13-04-2020 was cancelled due to COVID

#### CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

During affiliation process all departmental heads are requested to review the facilities available in their respective departments and send appropriate proposals for the initiation of new/ increase capacity of the postgraduate seats. They are encouraged to study the market trend and discuss the initiation of new certificate courses in their departments. Recently, due to paucity of the general cases during the COVID pandemic, departmental staff came up with a proposal to start a new scheme of establishment of standardised patients' unit. This scheme after discussion at the college council got the approval. Through

this scheme, standardised patients can be trained to impart clinical training to the undergraduate students. During the COVID pandemic, the conduct of traditional physical classes is not possible. This was discussed in the College council. All the available Online Learning Management Systems (LMS) were discussed. A consensus was arrived at selecting the MOODLE and redesigning it to suit the institutional needs. The software unit of the computer section did the job and MOODLE teaching classes were introduced. The College conducts regular seminars, workshops and conferences at state and national level. The concerned departments decide the subjects of the seminar in their departmental meetings. This is communicated to the college council and the management. The detailed proposal including the feasibility and budgetary details are discussed at the council meetings. Any financial assistance and infrastructural facilities required are discussed at length. A collective decision will be arrived at to host such meetings/ workshops/ conferences. This is a classic example of participative arrangement. The formative and summative examinations are carried out periodically throughout the year. The summative examinations schedule and conduct are decided by the University. In case of Formative examinations, all the concerned departmental heads are invited for discussion. The details of the examination including type of questions, allocation of marks, duration of the examination, time schedule and assessment methods are finalised in a conductive environment. The management regularly conducts review meetings with all the stakeholders. Dean, Medical Superintendent, Nursing Superintendent and other departmental heads participate in these meeting for decision making. Decentralised Management Narayana Medical College strongly believes and practices in the process of decentralised management process. The organogram is specific and job responsibilities of each cadre are delineated. The decision making is a shared responsibility between the heads of the department and the Dean. At the departmental level, head of the department is empowered to take decisions concerning the departmental activities through consensus. All such decisions are later informed to the Dean. Later, Dean will communicate these decisions to the Governing body and management. Thus, implementing the practice of decision making a decentralised process. At the college level, all decisions are arrived through consensus and college council ratifies these decisions. The Chairman of the institutions is the Top level of management of Governing Body committee followed by executive chairperson. The institution follows the principle of division of work and the decentralization of work. The college administration follows the principle of the participative and consultative management.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

#### 6.2 - Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

| Strategy Type   | Details   |
|---|---|
| Admission of Students   | The admissions of undergraduate and postgraduate courses and superspecility are done by DrNTRGHS in accordance with guidelines issued by NMC through National level enterance test. |
| Industry Interaction / Collaboration                          | Narayan Medical College participates in colloborative research through NTRC (Narayana Translational Reserach centre).   |
| Library, ICT and Physical<br>Infrastructure / Instrumentation | Library: Networking is existing in the library to facilitate online access  |

of information of database, e-journal and e-books ICT (Information and Communication Technologies). ICT facility: ICT tools and other learning resources are adequately available in the institution for academic and administrative proposes. Access to technology and information retrieval on the current and relevant issue are open for staff and students. ICT deployed state-of-the-art equipment including SMART board in selected classrooms. Department have been provided with computer and LCD projectors. Physical infrastructure and instrumentation: College as well as hospital, has got enough classrooms with AV facilities.Buildings for administrative offices, staff rooms, students common rooms, highly equipped laboratories, sports facilities, ATM, Canteen, Parking Area, student hostels, staff quarters. Infrastructure maintenance and Up-Gradation is done regularly. MRD department has been upgraded in hospital by facilitating department rooms and cubicles for records writing staff, including the adequate area for storage of old records. Electronic storage of case records is in process. The emergency department has been upgraded.

Research and Development

Narayana Medical College at its research level had state of art central research facility (Dept. of NTRC) with high-end infrastructure, which is recognized by DSIR (Department of Scientific and Industrial Research) Govt. of India. Internally central research facility is a continuous process of development to support interdisciplinary research in biomedical science at Narayana Medical Institutions. The creation of this center adds a specialized focus in the Narayana Medical College in terms of overall biomedical research strategy. Narayana Medical College focuses on frontier areas of basic and applied research which include Micronutrients, trace elements, Genomics, Meta-Genomics, infectious diseases, Microbiology, Virology, Cardio Vascular biology, free radical chemistry, herbal formulations, discovery of new formulations , Bioinformatics, Stroke and Hypertension, Trauma Registry, Child Health , Molecular biology,

Pharmacology, Pharmacokinetics, Indepth analysis of anatomical pathological features related to various diseases and disorders, epidemiological studies , cancer biology and stem cells research . To achieve our aim, Narayana Medical College has been initiated various research programs through innovative strategies. Interdisciplinary research has been focused in collaboration with internal departments, internal institutes, and other external national and international institutes of repute. Moreover, the Narayana Medical Institutions hub, authorized by the NMC, DCI, etc., is focusing on increasing external research funding at Narayana Medical Institutions from the Reputed National and International organizations. Examination and Evaluation The college has several mechanisms in place to ensure transparency in examination and evaluation methods. All stakeholders including students, parents, faculty members, as well as administrative staff and the Management are aware of the assessment processes. The Assessment processes consist of continuous performance assessment and internal examination and final examinations by Dr.NTRUHS. Weightage is given to the Internal Assessment as per the norms of Dr.NTRUHS and NMC Innovative assessment methodology which may include seminar/ assignment /projects/quizzes to assess the learning zeal of the student. Weekly test with MCQ s are also conducted for CIA and to help students in NEET preparation. Teaching and Learning The institution has State of the art technology for promoting innovation in teaching methodology. Constant review of teaching and learning methods encourages and promotes creativity, originality and analytical thinking. Faculty members are motivated to design contemporary, skill-based and value added programs. Training sessions for the faculty are conduct to enhance their teaching skills. NMC approved Medical education program to train the teachers are going in the presence of observer from nodal center. Some of the methods to better teaching and learning ability of students include, Small

|                           | group teaching, focusing on early clinical exposure, foundation curse ethics in teaching etc.  |
|---------------------------|--|
| Curriculum Development    | Curriculum assessment is done through feedback obtained from faculty, subject experts and member of the academic audit. After reviewing suggestions from all stakeholders, the curriculum restructuring committees add additional inputs. Relevant and innovative suggestions for the restructuring are discussed at staff council and general staff meetings to prepare a general curricular framework for the institution. Care is taken to ensure that the norms and guidelines recommended by Dr.NTRUHS, Vijayawada, A.P, and NMC are followed. The major restructuring of teaching, learning, evaluation methods are done periodically after taking into consideration the feedback from all the stakeholders such as alumni, employers, industry, and academic experts from education institutions. The College follows the guidelines of Dr.NTRUHS for curriculum development, A.P and NMC India. |
| Human Resource Management | The institution has a well established Human Resource Department. At the end of each academic year, the Human Resource Department reviews the exiting positions and identifies personnel for various teaching and nonteaching posts. The Management makes appointments through well-prescribed procedures. Orientation and training programs are periodically organized for newly recruited, in areas of Management of emergencies, Infection control practices, Biomedical Waste management, Good Patient Care Practices. The Human Resource Department maintains the attendance and leaves records, monitors staff discipline and Addresses the faculty grievances.  |

#### 6.2.2 – Implementation of e-governance in areas of operations:

| E-governace area         | Details  |
|--------------------------|--|
| Planning and Development | Before the commencement of every academic year, the institute conduct meeting with various stakeholders and advisors and focus in areas of thrust and plan for the development in Ares of patient care student progress, research, etc. System of E-Governance in various forms is being used in day |

|                      | to day administration. Plans to use more and more e-applications are used in teaching, patients care and administrations per as possible.   |
|----------------------|---|
| Examination          | Assessment of students is based on continuous performance Assessment (CPA) internal assessments and final examinations (External) according to the Dr.NTRUHS, Vijayawada Guidelines. • Different methods of assessment the students include weekly tests, Quiz, Seminar, etc., the question paper for weekly test is composed of MCQs short answer type questions and long answer type. The guidelines of Dr.NTRUHS are strictly followed in regards to attendance both in theory and practical classes as well as for clinical postings. Internals are also conducted in accordance with Dr.NTRUHS guidelines.   |
| Administration       | The Institute has the system of e- Governance in day to day administration. All the activities of the institution are through common portal so that they can be monitored by administration and management. All circulars and information pertaining to meetings, Common academic programme, Compulsory Medical Education are available in college portal and are also communicated through SMS and Whatsapp. Management Information System (MIS) gathers data from multiple online systems, analyzes the information, and reports data to aid in management decision-making. MIS is increasingly being used for information storage, handling, processing and retrieval of data for improving the services provided by the organization. It allows |
|                      | quick decision making for overall functional improvement and Created a Common and Continuous Communication and Data Sharing Platform among Stakeholders. There was significant reduction in the communication costs annually after MIS automation as well.  |
| Finance and Accounts | The Institute has an internal audit mechanism in place and they perform periodic internal audits in various functions within the system. Primarily they review and advance payments, bills, whether vouchers are duly authenticated or not etc., as part of regular audits. Apart from that, they conduct physical verification of store  |

|                               | and asset and submit their reports to management. In addition to that, we have a statutory audit in place which will conduct by the external agency once in a year. Primarily they review the financial performance and internal controls within the organization  |
|-------------------------------|--|
| Student Admission and Support | The whole admission process of the students is in accordance with guidelines prescribed by NMC and is done by Dr.NTRUHS, Vijayawada. Students scoring prescribed marks in the qualifying examination that is Intermediate or equivalent and securing rank in NEET examination are admitted by university strictly following guidelines of Government and NMC. Similar mechanism is also followed in relation to Postgraduate and Super specialty admissions. Admissions into these courses are also done by Dr.NTRUHS, as per norms NMC. |

#### 6.3 - Faculty Empowerment Strategies

6.3.1 – Teachers provided with financial support to attend conferences / workshops and towards membership fee of professional bodies during the year

available in the campus to cater the needs of students, staff and patients. (vi) Utility stores, general super market and other utility services like washing and press facility are available in the campus. (vii) The Auditorium and Conference Hall of the Institute are made available to the family functions of the staff conducted during holidays and outside office hours. (viii) Institution offers financial help to the bereaved family members of the staff upto the tune of Rs10000/ as funeral benefit. On compassionate grounds, the eligible family member will be offered a suitable position in the institute.

#### 6.4 - Financial Management and Resource Mobilization

6.4.1 – Institution conducts internal and external financial audits regularly (with in 100 words each)

The Institute has an internal audit mechanism in place and they perform periodic internal audits on various financial transactions within the system. Primarily they review and advance payments, bills, whether all vouchers are duly authenticated or not as part of the regular audits. Apart from that, they conduct physical verification of store and assets and submit their reports to management. In addition to that, we have a statutory audit in place which will conduct by the external agency once in a year. Primarily they review the financial performance and internal controls within the organization.

6.4.2 – Funds / Grants received from management, non-government bodies, individuals, philanthropies during the year(not covered in Criterion III)

| Name of the non government funding agencies /individuals | Funds/ Grnats received in Rs. | Purpose                       |  |  |  |

#### 6.5 – Internal Quality Assurance System

6.5.1 - Whether Academic and Administrative Audit (AAA) has been done?

| Audit Type     | External      |      | Internal |           |
|----------------|---------------|------|----------|-----------|
|                | Yes/No Agency |      | Yes/No   | Authority |
| Academic       | No            | Nill | Yes      | IQAC      |
| Administrative | No            | Nill | Yes      | IQAC      |

#### 6.5.2 - Activities and support from the Parent - Teacher Association (at least three)

1. Periodic Meetings 2. Online availability of student progress 3. Daily SMS of students Attendance 4. Feed Back

#### 6.5.3 – Development programmes for support staff (at least three)

1.Fire Safety measures 2.Emergency Codes 3.Radiation safety Trainings 4.Employee Rights Responsibilities 5.Policy Administration

#### 6.5.4 – Post Accreditation initiative(s) (mention at least three)

1. Curricular Aspects: Since 2019, the curriculum is redesigned and a new competency based medical education curriculum is introduced. Under this curriculum, several subject wise competencies are identified and the method of teaching is recognized. Teachers are encouraged to classify the competencies as certifiable and non-certifiable. All the certifiable competencies are measurable and are assessed through an objective manner. The new assessment method of Objective Structured Clinical Examination (OSCE) or Objective Structured Practical Examination (OSPE) are introduced. Lectures and workshops have been arranged for the faculty on various aspects of curriculum and the methods of assessment mainly to update and motivate the teaching staff. 2. Elearning: Virtual learning and online learning is introduced since 2019. MOODLE has been designed to suit the requirements of the institute. Students are provided with individual specific user name and password. After login the moodle, students can access the resource material available under the subjects assigned for that year. It also contains periodic assignments details and assessments in the form of MCQs, Fill in the blanks and short answer questions. Occasionally, long answer theory questions form part of the formative assessment. After the assessment is complete, student is informed immediately about the performance and the scores are displayed. 3. Research: Narayana Translational Research Centre is formed with an objective to promote research and research aptitude among the medical students. Extensive collaborative linkages are initiated with research institutes and Universities. Linkages are established with an intention to involvemedical students and enhance their participation in the research projects 4. Student Support: Two new initiatives are introduced for the students, namely Student support system and digital home pages for students to track their academic and extra-curricular activities. The student support system consists of a dedicated counselling cell and meritorious student's guidance cell. The Counselling unit is organised by the department of Psychiatry. This counselling cell regularly conducts sessions on motivation, time management, stress management and social support mechanisms. Students who are in need of counselling or who are academically lagging behind are identified through continuous monitoring system. Mentors are also trained to identify the needy students. These students are supported psychologically and remedial measures are initiated for the academically backward students. Secondly, meritorious students are guided by experienced faculty for career prospects like seeking higher educational avenues in India and abroad. A student friendly program "Visiting Students Learning Opportunities (VSLO) Program" with the Medical Universities in United States of America (USA) is in place for such students.

#### 6.5.5 - Internal Quality Assurance System Details

| a) Submission of Data for AISHE portal | Yes |
|--|-----|
| b)Participation in NIRF                | Yes |

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1.Use of alternative source of energy ( Solar energy ). 2.Rain Water harvesting 3. Tree Plantation 4.Banning of usage of single use plastic in campus 5.e-waste Management 6.Paperless office 7. Stringent Measures in waste segregation and disposal

#### 7.2 - Best Practices

#### 7.2.1 – Describe at least two institutional best practices

Best practices: Best Practices-I Title of the practice: Narayana ArogyamasthuScheme (NAM) Details of the scheme: The Narayana Arogyamasthu Scheme has been the brain child programme of our founder chairman of Narayana Educational Society Dr P. Narayana garu who is the instrumental visionary for progression since the inception of Narayana Medical College. NAM focuses on providing tertiary care facilities at General Hospital to the needy people in the community at free of cost. The programme has been initiated to contribute speciality care to the catchment area of the district, which has been implemented since 6th January 2014. Under Narayana Prasuthi Seva scheme free conductin of normal delivery, and caeserian section, to the poor and needy are offered. Pregnant women are reaching Narayana Medical College Hospital from Nellore and the surrounding districts of Prakasam, Chittoor, Kurnool and Kadapa for this program The various service components offered to patients care are(1). out patient services, diagnostic services including laboratory, Radiology investigations, (2). in patient admissions in the departments of General Medicine, General Surgery, Gynecology and Obstetrics, Orthopedics, Pulmonology, Paediatrics, Ophthalmology, ENT, Dermatology and Psychiatry were included and the guidelines for various services provided have been defined. In principle, this NAM scheme is of its first kind in the group of private Medical Colleges in both Telugu states of Andhra Pradesh and Telangana. It has reached community population especially in the BPL families as well as middle class of people due to its no cost to the OP consultation, basic investigations and for inpatients admission fee, Doctor charges, bed charges, surgery charges, Anaesthesia charges, Nursing Charges, drugs and diet to the patients at free of cost. Till date, Narayana Medical College Hospital provided health care services to nearly 20 lakhs out patients and nearly one lakh surgeries and another one lakh Medical management cases. Best Practices-II Title of the practice: Late. Ponguru Subbaramaiah Memorial Scheme Details of the scheme: The scheme is offered to candidates who have earlier received their premedical training at Narayana Institutions. Those students who studied their two year intermediate course at Narayana Institutions situated anywhere in India are eligible to apply under the scheme. Meritorious students who secured MBBS admission at Narayana Medical College, Nellore are selected on the basis of marks secured at the competitive NEET examination. The following facilities are provided to those selected students. 1. Financial concessions in the tution fee 2. Provision of tablet to these students to facilitate e-learning Many students have availed this Late. Ponguru Subbaramaiah Memorial Scheme. Those students who had earlier benefitted from this scheme, if secured admission in postgraduate courses at Narayana Medical College, the above mentioned financial concession benefits are extended for further three year period.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

http://www.narayanamedicalcollege.com/institution-best-practices/

#### 7.3 - Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The institution is focussing at panacea in teaching and learning to its best ability to fulfil the vision envisaged. The medical graduates are marred with partially baked knowledge and non-proficient clinical skills. These two major areas are addressed to the fullest extent at Narayana Medical College.

Therefore, the "Competency-based medical education curriculum" is the buzz word in the campus. A series of essential initiatives are taken at the institution

towards successfully executing the Competency-based medical education curriculum. The reinforcement of Medical Education Unit, creation of monitoring committee, Curriculum implementation committee, establishment of skill laboratory, e-learning training to faculty, are some of these initiatives. Continuous formative assessment in the form of weekly examinations and quarterly assessments followed by immediate faculty feedback on individual student's performance identifying the strengths and weaknesses are distinctive Educational practices for Narayana Medical College. The Narayana Medical College is the only institution implementing the systematic foundation course and successfully assessing the impact of this course on newly admitted medical students. As a part of the Institute's vision to prepare medical manpower to participate in the nation building, Narayana Medical College created Translational Research Centre. This centre is active in developing and assessing the health care technology and its societal usefulness. This centre also entered into agreement with the top most institutes of excellence in developing new health care devices and procedures aimed at improving the health care delivery. Narayana Medical College is also creating space for accommodating the creative talents in fine arts among students and is also providing a channel to express their hidden talents. Students are encouraged for public speaking and a separate social media platform (YouTube Channel) is created for appreciation and encouragement. The motto of the Institution is 'Inspiring Excellence' for which continuous efforts are in place.

#### 8. Future Plans of Actions for Next Academic Year

Narayana Medical College is actively engaged in imparting world-class medical education through experienced faculty to make a significant contribution to the nation-building cater to the needs of the society. Research-oriented society conscious and skilful medical professionals are being churned out through this process. In other words, Narayana Medical College faculty strongly believe in preparing futuristic frontier doctors having quest for humane development in a disease-free society. The plan of action envisaged for the next academic session is as follows. 1. Implementation of blended learning through amalgamation of traditional classroom teaching with e-learning. 2. Designing short term educational skill enhancement courses for undergraduates and postgraduate medical students and preparing digital resource material for the same. 3. Escalating the National and International institutional collaborations for Academic Interaction and Research Resource Exchange 4. To improve the existing formative assessment through the introduction of the online rubric assessment system. 5. Facilitate and establish the competitive examination preparatory unit under the Medical Education Department 6. Introduce and standardize clinical teaching and training through standardized patients and case-based learning. 7. Creating eco-friendly campus through imposing a ban on the use of plastics tobacco sale, restricting the movement of motor vehicles, and avoiding availability of Junk food in the canteens. 8. Strengthening the Alumni database their contributions 9. To establish the simulation laboratory for skill training. 10. Conduct research sensitization sessions and organization of ideations for the medical students to support the creative skills. 11. Apply for grants from THE NATIONAL RESEARCH FOUNDATION OF GOVT. OF INDIA (NRF), to under take inter disciplinary research in medical science 12. To go for Deemed to be University status.
