**Subject - Collaboration to study and screen native Tirumala medicinal plants**

Dear Dr. PS Rao,

I am happy to collaborate with you to screen and study the anti-cancer properties of the Native Medicinal Plants of Tirumala on *in-vitro* and *in-vivo* models of cancer. We are having a strong expertise and infrastructure for such studies in the field of Cancer Biology and Natural products. We will also explore for Joint project proposals in this field. Your expertise on clinical samples will be very useful for this collaboration. I am very interested and looking forward in collaborating with your group.

Sincerely
