

## **Family Adoption Program**

Students of Phase III – Part I (63) were taken to Thotapalli Gudur as a part of Family Adoption Program on 06-07-24 from 9:00 AM to 1:00 PM . They visited the families which were adopted by them, inquired about their health, monitored the blood –pressures of elderly patients and known hypertensives. They gave them health education regarding environmental sanitation and also collected some details regarding their health. For those who complained of minor ailments, prescribed treatment through their mentors.
