

Narayana Health on Wheels

Bringing Comprehensive Healthcare & Cervical Cancer Screening to Nellore & Surrounding Communities. Narayana Medical College is proud to launch its **Health on Wheels** mobile clinic service, inaugurated on **11 August 2025** at 11:00 AM at Shaadi Manzil, Kota Mitta by **Dr. P. Narayana Garu**, Minister for Municipal Administration & Urban Development. This initiative, graced by **Sri Abdul Ajj**, Nellore TDP in-charge, along with other eminent leaders, witnessed strong community participation and marks a milestone in healthcare outreach. In this occasion Minister sir congratulated the hospital management for providing these invaluable services to the public. Further he appreciated the efforts put in by the Coordinator, Dean and Medical Superintendent of Narayana Medical College and Hospital, Nellore.

Dignitaries Present:

Sri Abdul Aziz – Waqf Board State Chairman
Sri Nandan – Municipal Commissioner
Smt. Thahseen – Deputy Mayor
Sri P. Roopkumar Yadav – Deputy Mayor
Dr. Biju Ravindran – Coordinator, NMI
Dr. P. Srinivasulu Reddy – Dean, NMCH
Dr. M. Dorasanamma – Addl. Medical Superintendent, NMCH
Dr. Ajay Rejanold – Principal, NDC

What We Offer

- **Comprehensive Mobile Healthcare:** General medical consultations, routine check-ups, and basic diagnostic services delivered via a traveling clinic.
- **Cervical Cancer Screening:** Focused screenings for early detection using Pap smears and visual inspections by our team of eminent oncologists.
- **Health Education:** Empowering individuals with knowledge about disease prevention, hygiene and women's health.

Why It Matters

- **Closing the Gap:** Reaching underserved neighbourhoods, especially those lacking easy access to tertiary care will get lot of benefits with this facility.
- **Early Detection Saves Lives:** On-the-spot cervical screening can lead to timely treatment and better outcomes.
- **Promoting Health Awareness:** Fostering informed health behaviours and empowering communities.
- Takes healthcare directly to remote villages & urban slums
- Saves time, travel, and medical costs for patients
- Enables early detection through on-site screening
- Provides immediate treatment or referral to NMCH for advanced care
- Integrates with government health schemes and Narayana's own free health programs

Background & Values

This program builds on Narayana Medical College's esteemed "**hospital without walls**" ethos, rooted in its Village Adoption Scheme. In this longstanding model:

- A dedicated clinic in Thotapalli Gudur caters to rural patients using daily field visits by doctors, specialists, and medical teams.
- Medical students gain invaluable real-world exposure, conducting family health studies, home visits, and health education sessions.
- The college's NSS unit further reinforces commitment through health camps, awareness rallies, and community service activities.

Operational Details

- **Frequency:** Provides regular visits across designated localities in Nellore and surrounding regions.
- **Referrals:** Patients requiring further intervention are seamlessly guided to Narayana Hospital's OPD or specialty departments.
- **Integration:** This effort extends ongoing community-centric programs, ensuring continuity and broader coverage.
